Dall'analisi della gestualità dell'utente contemporaneo nasce YUI, una collezione di lavabi che della spontaneità dei piccoli gesti quotidiani ne fa un punto di forza. Un piano sfalsato, dedicato appositamente alla protezione degli oggetti personali, è evidenziato da un segno deciso percepibile al tatto. L'ambiente assume diverse personalità, grazie ad un sistema di moduli, abbinabili al lavabo e studiati per ottimizzarne il trasporto.

The collection YUI, is born from the analysis of the gestures of the contemporary consumer; it is a collection of washbasins that makes of it point of strength the spontaneity of the small daily gestures. A split surface, devoted to the protection of the personal objects, is underlined by a definite sign identified by touch. The environment bath takes different personalities, thanks to a system of modules, combinable to the washbasin and studied for optimizing its transport.

IL BAGNO,
UN'ESPERIENZA SENSORIALE...
UN VIAGGIO VERSO LA CONOSCENZA DI SE STESSI.

*THE BATHROOM,
A SENSORIAL EXPERIENCE...
A JOURNEY TOWARD THE SELF-KNOWLEDGE.*

Le differenti composizioni di moduli sono adattabili ad ogni tipo di spazio e necessità personale, pur mantenendo una continuità visiva e funzionale. Luci, materiali e colori regalano il piacere delle sensazioni, da quella visiva dei colori a quella tattile dei diversi materiali utilizzati nei moduli.

The different compositions of modules are adaptable to every type of space and personal necessity, while maintaining a visual and functional continuity. Lights, materials and colors give the pleasure of the sensation, from that visual of colors to that tactile of the different materials used in the modules.
